

Make a Difference!

Sponsor a New Hampshire Woman In Need.

Breast cancer strikes approximately 1,000 New Hampshire women each year. These women and their families often find themselves in dire financial straits resulting from job loss, expensive medical treatments and high deductibles.

In 2016, the New Hampshire Breast Cancer Coalition Support Services Fund helped 95 women who were struggling financially — an average of \$800 per household.

Typical assistance includes:

- Rent or mortgage payment
- Utility bills
- Transportation cost (gasoline, car repair)
- Grocery bills
- Medical co-pays

Help ease this burden for women and their families!

“A million times thank you. The worry of how I was going to pay my rent was making me more ‘physically’ ill. Your support means more than you will ever know.”

As a Sponsor, you will receive:

- A brief story of the New Hampshire woman you helped
- Acknowledgement on NHBCC's website (logo/link included)
- Inclusion in NHBCC's periodic newsletter
- A **Thank You** plaque for display

Many New Hampshire women need your help!
